

Concession Dedication

Three years in the process and two years in construction was what it took to realize this project. It took the hard work of many local businesses and community members. If not for the very generous monetary gift from Adams Community Bank, Hurricane Pride would never have been able to move this project past the conceptual stage. In addition to ACB, special thanks are extended to Delmolino and Sons for the excavation work, Adams Plumbing for their donation of time, material and equipment, Canterella & Sons for the masonry, and Geary Builders for their design workup, permitting, and building assistance; in addition to numerous other local business donations. And to our dedicated community members led by John Burzimati, George Sweet and Bob Belini, who spent countless hours working on this project, Hurricane Pride personally "thanks" each and every one that was involved for their assistance.

Hurricane Pride "recognizes and thanks" local businesses and community members for their contributions and support:

Adams Community Bank	John	Burzimati	Project Manager
Adams Plumbing & Heating/Terri & Jeff Daignault	George	Sweet	Electrical Coordinator
Amenitek/Ben LaRoche	Bob	Belini	Assistant Proj. Mgr.
